

OPEN SOURCE AND FREE SOFTWARE ART MAGAZINE

## EDITORIAL

Hello !

Thank you for downloading CODE:FREE issue 2!

The Idea of this project is to demonstrate how powerful Free and Open Source Graphic software could be.

All you need is talent ! Many artists published their works in forums, communities or their own websites and blogs.

CODE:FREE is a non-commercial project and it wants to bring these great artworks together.

Some of these pictures here are free to use, but please respect the licences in the footer ! To contact an artist visit the CODE:FREE blog at [www.codefree-mag.org](http://www.codefree-mag.org).

In the next issue we want to add some text / interviews.

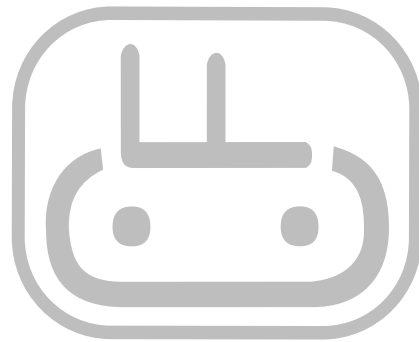

So, if you`re a FLOSS-User or you know someone who creates stunning work with Inkscape, Gimp, Blender or other free Software (not freeware) let me know !

I hope you will like No.2.

Now have fun !

Cheers,  
Chris

*I dream of Jeanie with the light brown hair  
Borne like a vapour in the summer air  
I see her tripping where the bright streams play  
Happy as the daisies that dance on her way...*
